

Brilliant Lifts Australia Pty Ltd

Brilliant Lifts Australia Pty Ltd is a subsidiary of Brilliant Elevator Ltd and is located in Alexandria, Sydney, NSW.

The parent company of Brilliant Elevator Co. Ltd is Shenyang Yuanda Enterprise Group. Shenyang Yuanda Enterprise Group is a large international group that specialises in curtain wall manufacturing, elevator manufacturing, electrometrical equipment, wind power generation, windows and doors manufacturing, and environmental engineering. Its landmark projects include The Birdcage and The Water Cube for the Beijing Olympics as well as Japan's Cocoon Tower and Russia's Federation Tower.

Our headquarters is located in the heart of equipment manufacturing – Shenyang City, China. Founded in 1993, Yuanda has established 22 subsidiaries and has more than 10,000 employees. The Shenyang group's annual turnover for 2008 was A\$3 billion.

Brilliant Elevator Co. Ltd is the largest self-owned elevator brand in China and has achieved number one in terms of the volume of export for any of China's local brands for 2008.

The company has achieved the certificates of ISO9001 Quality System Certificate, ISO14001 Environment Management System Certificate, GB/T 28001 Occupation Health Safety Management System Certificate, European CE mark and Russia GOST Certificate.

Brilliant Elevator sales and service network covers more than 130 countries, such as the USA, Australia, Russia, Mexico, UK and Singapore.

The product range includes passenger elevators, panoramic elevators, bed elevators, freight elevators, escalators, and passenger conveyors.

In order to adapt to the international business, Brilliant elevator Co. Ltd has constructed the Brilliant elevator industrial manufacturing park. Located in the industry corridor of Shenyang. The industrial park has a total area of 900,000 m². The industrial park will reach product capacity of 50,000 units per year when it is completed in June 2010. Moreover, it will become the largest product base of elevator and escalators in the world. Also located in the new industrial park is the 177 m high elevator test tower. This will be a landmark building for the elevator industry of China, and even the world.

Major worldwide projects include, Frankfurt Air-rail, Heathrow's Terminal 2, Russia's Federation Tower, and over 2000 units to Singapore housing and development board. Brilliant elevator is the nominated product supplier for the London 2012 Olympic construction projects.

Brilliant and Yuanda group's worldwide reputation as a quality supplier, is evidenced by its impressive list of landmark projects, and its aggressive expansion policy distinguishing itself in this highly competitive elevator, escalator and moving walk market. This is provided through product, operational, delivery and after sales excellence, combined with industry best personnel.

Our reputable, technically astute and industry experienced staff are happy to provide and further information and assist with any of your vertical transport needs.
